

# Fabric Softeners

ITEM	DESCRIPTION
BASE 150	Base for softener, particularly for cellulosic fibers, provides a fluffy and smooth feel
BASE 94	Base for softener for natural and blended fibers, with good antistatic effect
BASE LW	Base for softener for natural and blended fibers, with good antistatic effect
BASE PSF 2015	Hand modifier for leather
BASE PSF/GL	Non-ionic hand modifier
BIBIFLEX HY	Base for cationic softener with high substantivity suitable for all fibers
BIBISOFT 150/20	Base for softener for all types of fibers, soluble in cold water
BIBISOFT 50	General-purpose antimildew-antifermentation agent
BIBISOFT 517	General-purpose antimildew-antifermentation agent
BIBISOFT AC-MS	High-yield silicone antifoam
BIBISOFT ACR	General-purpose silicone antifoam
BIBISOFT ACR/K	General-purpose silicone antifoam
BIBISOFT ACR/K 14	General-purpose silicone antifoam
BIBISOFT AO	General-purpose silicone antifoam
BIBISOFT AT 20	General-purpose non-silicone antifoam
BIBISOFT AT CONC	Specific auxiliary to prevent the formation of creases and packing
BIBISOFT AT CONC CA	Antibacking dispersing agent for nylon dyeing and its blends with cellulosic fibers

BIBISOFT AT15	Specific auxiliary to prevent the formation of creases and packing
BIBISOFT ATE	Discharge auxiliary for dyeing with vat, sulfur, and direct dyes
BIBISOFT BPS	Cleaner for printing frames and cylinders
BIBISOFT CD	Cleaner for cellulose-based fibers
BIBISOFT CD 20	Product for cleaning dyeing machines
BIBISOFT CD-SA PLUS	Product for cleaning dyeing machines
BIBISOFT DT-G	Detergent, impregnating agent for silicone oils, finishing, and spinning oils, biodegradable
BIBISOFT DT-M	General-purpose textile detergent
BIBISOFT E/8	Leather detergent
BIBISOFT E/8 CONC	Low-foaming detergent, impregnating agent for cotton and blends
BIBISOFT FC	Surfactant suitable for washing after dyeing with reactive dyes
BIBISOFT FC 18	Concentrated detergent to remove spinning oils and oil and grease stains
BIBISOFT FC/D	Concentrated detergent to remove spinning oils and oil and grease stains
BIBISOFT GLE	Saponifier for reactive dyes
BIBISOFT GLE/A	Detergent, emulsifying, impregnating agent with foam control for universal use
BIBISOFT KR	Detergent for washing wool tops and silk
BIBISOFT NI 25	Impregnating detergent for purging and continuous bleaching treatments
BIBISOFT PCE	Neutralization auxiliary
BIBISOFT PEP	Detergent, emulsifying agent with foam control for universal use

BIBISOFT PHD	Specific auxiliary in the purging and bleaching treatment of cellulosic fiber fabrics
BIBISOFT PNA	Dispersing, leveling agent for polyester dyeing
BIBISOFT PME	General-purpose dispersing agent
BIBISOFT PME 40	Dispersing, leveling agent for polyester dyeing
BIBISOFT RC	Dispersing agent for polyester dyeing
BIBISOFT SF 13	Dispersing detergent for dyed packaged goods treatments
BIBISOFT SF30	Deaerating and penetration accelerator with antifoaming properties
BIBISOFT SIS	Deaerating and penetration accelerator with antifoaming properties
BIBISOFT SMU/C	Dispersing, detergent, emulsifying agent for general use
BIBISOFT STAE	Dispersing – complexing agent for cotton dyeing processes and its blends
BIBISOFT TI 25	Dispersing-saponifying agent for dyeing with vat and reactive dyes
MACROMONO MG 35	Dispersing – complexing agent for cotton dyeing processes and its blends
MARK PES 30	High-biodegradable sequestrant dispersing agent
MARK PES CONC	Impregnating dispersing agent with foam control
MICROMONO 209 PLUS	Sequestrant dispersing agent for acid purging of natural fibers
MICROMONO HTC 30	Sequestrant dispersing agent for polyester and cotton fabric dyeing
MICROMONO MPW	Oxidizing and dispersing agent for vat dyes
MICROMONO NMW LIQ	Dispersing agent for dyeing
PRODOTTO 3649	Dispersing agent for polyester fabric dyeing

PRODOTTO GL100	Dispersing agent for reduction baths
PRODOTTO GL	Solubilizing, migrating, dispersing agent for basic, plastisol-soluble, and metal-complex dyes
PRODOTTO PAEC48	Dispersing-levelling agent for dyeing with indanthrene dyes
STAR 093	Solubilizing, migrating, dispersing agent for basic, plastisol-soluble, and metal-complex dyes
TORSOFT 17	Solubilizing, migrating, dispersing agent for basic, plastisol-soluble, and metal-complex dyes
TORSOFT 50/P	Deaerating-impregnating agent
TORSOFT 50/P PLUS	Dispersing agent for dyeing with vat and disperse dyes
WIMAR BH COLORA	Formaldehyde-free fixer for direct and reactive dyes on cellulosic fibers

## Bases for Fabric Softeners

ITEM	DESCRIPTION
BASE ACR/K	High-quality softener with antistatic properties for all types of fibers
BASE AF	General-purpose softener, particularly suitable for PAC fibers
BASE AT	Base for cationic softener with high substantivity, suitable for all fibers
BASE DEA	General-purpose softener, particularly suitable for PAC fibers
BASE DEA/OL	Softener for all fibers, with antiozonant properties
BASE DES	Pseudo-cationic softener for all fibers, virtually no yellowing
BASE DT	Pseudo-cationic softener for all fibers, virtually no yellowing
BASE GR	Pseudo-cationic softener for all fibers, virtually no yellowing

## Mold Inhibitors

ITEM	DESCRIPTION
ANTIMUFFA	Reduction inhibitor, oxidizing agent for printing
ANTIMUFFA CONC	Reduction inhibitor, oxidizing agent for printing

## Antifoaming Agents

ITEM	DESCRIPTION
ANTISCHIUMA 222	Slightly cationic softener for natural, synthetic, and cellulosic fibers
ANTISCHIUMA 4411	Non-ionic softener in flakes for all types of fibers
ANTISCHIUMA 4411	Slightly cationic general-purpose softener in flakes
ANTISCHIUMA FRS	Hydrophilic concentrated softener, particularly suitable for cellulosic and animal fibers
ANTISCHIUMA PANZ	Hydrophilic concentrated softener, particularly suitable for cellulosic and animal fibers
PRODOTTO 103 LIQ	Micro-macro silicone emulsion with hydrophilic amino functionality

## Anti-redeposition Agents

ITEM	DESCRIPTION
ANTIPIEGA CS	General-purpose softener suitable for all types of fibers
PRODOTTO NY 50	Polyethylene glycol ether dispersion, suitable for post-dyeing treatment on cellulosic, synthetic, and blended fibers
STAR 114	Non-ionic softener for natural, synthetic, and blended fibers

# Detergents

ITEM	DESCRIPTION
BERLIN K20	Pseudo-amphoteric softener for all fibers, virtually no yellowing
BIBISOLVE LK	Non-ionic softener for all fibers, virtually no yellowing
BIPON ARP	Non-ionic softener for all fibers, virtually no yellowing
BIPON LR	General-purpose softener, particularly suitable for PAC fibers
BIPON LRC	High-quality softener with antistatic properties for all types of fibers
BIPON LY/S	Silicone emulsion with excellent softening and lubricating properties
BIPON WM	Silicone emulsion with excellent softening and lubricating properties
DERMO RN	General-purpose softener, particularly suitable for PAC fibers
NETZMITTEL CS 29	General-purpose softener, particularly suitable for PAC fibers
PRINT 54	General-purpose softener, particularly suitable for PAC fibers
PRODOTTO 195 LC/G	High-quality softener for all types of fibers
PRODOTTO 195/L	High-quality softener for all types of fibers
PRODOTTO 25	Softener for cellulosic and blended fibers
PRODOTTO 505 SF	Non-ionic softener for natural, synthetic, and blended fibers
PRODOTTO 50796	Slightly cationic softener for all fibers, improves sewability
PRODOTTO 78/S	Polyethylene micro-emulsion for finishing all types of fibers
PRODOTTO NAC 50	Polyethylene dispersion, excellent softener and lubricant for all fibers

WIPON GR/458 P

Polyethylene micro-emulsion for finishing all types of fibers

WOFF NLT

Polyethylene micro-emulsion for finishing all types of fibers

BERLIN K30

General-purpose softener suitable for all types of fibers

# Dispersing Agents

ITEM	DESCRIPTION
BASE 50M	Softener with antistatic and slippery properties for yarns
BERLIN DIF	General-purpose softener suitable for all types of fibers, AEEA-free
BERLIN OR	General-purpose softener suitable for all types of fibers, AEEA-free
BIPON ABS PLUS	Reactive silicone amino-modified micro-emulsion
BIPON FFU	Liquid softener for all types of fibers and their blends
BIPON JET	Weakly cationic softener and lubricant for all types of fibers
BIPON SC-L	High-quality softener for all types of fibers
POLIAC 195/CONC	Semi-permanent softener for finishing all types of fibers
POLIAC 25	Softener with antistatic and slippery properties for yarns
POLIAC DS	Softener, antistatic and lubricant for synthetic fibers
POLIAC GLI	Amino-functional silicone softener micro-emulsion
PRODOTTO 002	Silicone amino-modified reactive micro-emulsion
PRODOTTO ACW	Silicone softener for all types of fibers
PRODOTTO IGG 70	Silicone micro-emulsion for permanent effects on all types of fibers
PRODOTTO OBB	Special finishing for cotton and blends
PRODOTTO PFA	Softener, lubricant in sizing preparation, antistatic
PRODOTTO RAP	Special finishing for silk

PRODOTTO RO	Lubricant finishing for cotton yarns and its blends with synthetics
PRODOTTO SL	Hydrophilic silicone amino-functional micro-macro emulsion
PRODOTTO X-D	Cationic softener for all types of fibers
WOFF IWL 30	Specific softener for cotton and natural fibers
WOFF IWL 40	Specific softener for cotton and natural fibers
WOFF M	Weakly cationic softener for all types of fibers
WOFF WS/P	Base for cationic softener with high substantivity suitable for all fibers

## Fixatives

ITEM	DESCRIPTION
BIFIX LU	Fixer for direct and reactive dyes
BIFIX R/100	Fixer for improving wet fastness of polyamide and its blends
BIFIX S/60	Fixer for improving wet fastness of polyamide and its blends
BIFIX S/80	Impregnating detergent with low foam formation for all types of fibers

# Wetting Agents

ITEM	DESCRIPTION
BIPON OC	Ecological powder decolorizing agent
BIPON BG	Specific product for silk processing
BIPON DOS	Antistatic additive for improving fiber processing
IMBI MRN	Refined hydrogenated palm fat (liquid)
IMBIBENTE NF liq	Refined hydrogenated palm fat (powder)
IMBIBENTE OP	Refined hydrogenated palm fat (flakes)
MARK TRZ	Refined hydrogenated palm fat (liquid) RSPO
PRODOTTO LO	Refined hydrogenated palm fat (powder) RSPO
PRODOTTO MN LIQ	Refined hydrogenated palm fat (flakes) RSPO
PRODOTTO MN LIQ 20	$\alpha$ -tocopherol protected by a matrix of refined hydrogenated palm fat
PRODOTTO RK	Partially hydrogenated refined palm fat (powder)
PRODOTTO SC	Partially hydrogenated refined palm fat (flakes)

## Thread Lubricants

ITEM	DESCRIPTION
BIBISOFT LUB	Decolorizing agent for wastewater
BOROVOL 200	New concept protective colloid with multiple uses
CERA BS2	Special product for protonic treatment
CERA JR	Emulsifier
PRODOTTO GL	Ecological liquid decolorizing agent

## Sequestering Agents

ITEM	DESCRIPTION
PRODOTT ALL IN	Alkalizing agent for dyeing baths
PRODOTTO XCW NEW-LIQ	Ecological carrier for low-temperature PES dyeing
SEQUESTRANTE M500	Liquid optical brightener with blue flame for cellulosic fibers suitable for bleaching with H2O2
YDRO 54	Catalyst for melamine resins

## Resins

ITEM	DESCRIPTION
SMARTREPEL HYDRO CMD	Leveling agent – leveling agent for wool and blends with silk dyeing
PRODOTTO L70	Leveling agent with affinity for polyamide dyeing
APPRETTO TM 100%	Leveling agent with retarding properties for polyamide dyeing and its blends
BINDER SF	Retardant for wool/nylon dyeing with acid dyes
STAR 025	Auxiliary for leather
PRODOTTO RPU	Antistatic for synthetic fibers and blends with cellulosic fibers

## Buffering Agents

ITEM	DESCRIPTION
OXISTAB OS	Pseudo-amphoteric softener for all fibers, virtually no yellowing
BI-ACID PB LIQ	General-purpose softener suitable for all types of fibers, particularly cellulosic fibers
BI-ACID PSD	Softener for cellulosic and blended fibers to improve sewability. Specifically for Denim fabrics

# Leveling Agents

ITEM	DESCRIPTION
BERLIN KNS 17	Impregnating dispersant with low foam formation
BERLIN KNS CONC	Impregnating dispersant for all types of fibers
BERLIN NEW/NL	Impregnating, detergent for all types of fibers
BERLIN SET	Impregnating deaerating agent for dyeing cellulosic fibers and their blends, especially for wrapped goods
BERLIN UN/EC	Impregnating-detergent with foam control for Jet machines and strong turbulence
NICHEGAL PA 25%	Inhibitor of metal component response during garment processes
WOFF RLN/150	Impregnating detergent with low foam formation

## Other Products

ITEM	DESCRIPTION
AUCOTAN LR16	Sequestrant for calcium, magnesium, and iron with excellent dispersing properties
ANTISTATICO E	General-purpose sequestrant with dispersing properties
BIBASIC	Fluoro-free water-repellent oil
BICAR BBC	Product with high moisture absorption capacity
BLANC 101	Soft hand acrylic resin with permanent effect
CATALIZZATORE NKN	Soft hand acrylic resin with permanent effect
DECOLORANTE	Polyester resin for finishing
PAWA	Hydrophilic thermosetting polyurethane resin
PRODOTTO DU2	Stabilizer for hydrogen peroxide in alkaline bleaching baths
PRODOTTO G 40	Acidic buffer for polyester dyeing
PRODOTTO L2	Acid buffer
PRODOTTO P1	Leveling and leveling agent for direct and vat dyes
PRODOTTO PR 162	Leveling and leveling agent for direct and vat dyes
STAR 019	Leveling agent with affinity for polyamide dyeing
